Pet Policy

By bringing your pet/s onto our property, it means that you agree to be bound by our Pet Policy and that you are fully responsible for your pet.

Pets are allowed and welcomed at no extra cost, but only if agreement (in writing) is reached between pet owners and 360on62 management prior to arrival, which will include agreement to fully abide by the requirements of this Pet Policy.

Pets are welcome within the cottages and to exercise and explore the farm – however they need to do so under supervision, both to protect other guests and their pets as well as your own pet (as this is a farm surrounded by natural vegetation, naturally your pets may encounter certain threats such as our pool, dam, snakes or birds of prey).

- Maximum of two pets allowed per cottage.
- Pets are required to be fully house-trained.
- Only tame pets that are not aggressive are allowed onto the farm.
- The owners and management reserve the right, at any time, to instruct the owners of pets to vacate the premises, who will then do so without any right to any recourse or reimbursement of accommodation costs.
- Pets are not allowed into the hot tubs / splash pools (as the hairs are too difficult to get our not having 'pool cleaners' and the filters are sometimes damaged by the amount of hair left behind).
- By bringing pets onto the farm, the owners of such pets accept that they take full responsibility and will held solely liable for their pets, harm experienced by their pets and any harm caused by their pet/s while on the farm. The owners of 360on62 Mountain View Farm Cottages take no responsibility and the Guest and pet owner recuse the owners of the farm and accommodation from any liability.
- We reserve the right to levy a cleaning fee of R300 after you check-out should we find large amounts of pet hair remaining in cottages (on carpets, on furniture, on linen etc) or in advance if you will be bringing a pet that sheds large quantities of hair (e.g. German Shepherds, Labradors, Golden Retrievers, Chow Chows, Old English Sheepdogs, Saint Bernards, Husky's and similar) as this usually results in our having to spend several extra hours cleaning units and sometimes having to close them for a day in order to fully clean them.
- We reserve the right to charge guests for damage fees should we find that guests have not followed these rules and as a result we experience costs – e.g. we usually need to dispose of blankets that pets lie on as we often cannot get all hairs out, if damage is done to our hot tub water filters, if we need to spend hours extra cleaning hot tubs or replacing often thousands of litres of water etc.

Pet owners are required to:

- bring pet blankets and bowls;
- clean up after pets when pets soil common shared areas or an accommodation unit, ensuring that any residue or smells are completely removed when is inside accommodation units. Although we do supply some pooper scoopers around the property to assist with cleaning up, pet owners should ensure that they bring additional packets etc to assist with cleaning;
- ensure that pets do not disturb or harm any other Guests, their pets or our pets or farm animals. **If a pet-owner is at all unsure as to how their dog will react around chickens wild animals or pets on the farm, a leash must be used when walking around the farm – particularly between the pool lapa area and the gate to the farm (where the chickens mainly roam);**
- ensure that pets are kept off the furniture (unless the guest concerned provides their own sheets to cover the furniture to prevent hairs from getting onto our blankets, couches and bedding) and must be free of ticks and fleas on arrival;
- ensure that pets are not left unattended in the accommodation units or on the farm at any stage, unless in a closed off garden of an accommodation unit. However, if a pet is left alone and a pet makes noise (e.g. ongoing barking or howling), management have the right to request the immediate return of the guest/s concerned and the appropriate guest/s agree to immediately return;
- **ensure that, for units that are fenced in, gates of the enclosure are kept closed when the pet is not being actively watched,** in order to prevent the animal from running around freely, interfering with our guests or harming other animals e.g. chickens.
- ensure that they take full responsibility and will be liable for any damage or harm caused by their pets.

In order for us to agree to host your pet, please send the following to info@360on62.co.za:

- confirmation of having read the policy and that you agree to abide by it when on our farm;
- confirmation that your pet is house-trained and not aggressive; and
- confirmation as to whether your pet sheds a lot of hair or not (in order to determine if we need to apply the additional R300 cleaning fee).
